

Fall 2021

Camden Charitable Foundation, Inc.

21 Years in 2021

21 YEARS OF COMMUNITY SERVICE

The Camden Charitable Foundation moves forward into 21 years of community service in Camden County. The Foundation has assisted over 650 families and over 1,500 children. The Foundation lost two very important members this year; the founder, Linda Perry, passed away from Early Onset Alzheimer's and Vice President Fletcher Harris to COVID.

The Board of Directors voted in Courtney Perry, daughter of Tony and Linda Perry as Vice President to continue the spirit of giving to the needy families of Camden County. Courtney serves as the school counselor at the Middle School.

Today, 21 years later, the Foundation is a IRS recognized 501c(3) non-profit organization spreading awareness and raising the needed capital to assist families at Christmas with toys and clothes.

2021: THE FLETCHER HARRIS MISSION

Beginning this year, one needy family will be chosen for a thanksgiving holiday meal. Former Vice President Fletcher Harris was a strong leader on preparing meals for needy and shut-in's for many years. It will certainly be an honor to continue his mission so deeply felt by Fletcher.

Article III

CONCERNS

1. To raise awareness of individuals and families in need.
2. To engage in raising funds for those individuals and families in need.
3. To provide food during the Thanksgiving Day holiday for those in need.
4. To provide toys and clothing to those in need.
5. To provide individuals with dementia and Alzheimer's with tracking bracelets.

Any other concerns that may arise that the Foundation feels is a need.

THE WAY FORWARD

With the last 18 months in much turmoil over the pandemic, the loss of loved ones, loss of jobs, we all are striving for brighter and better days ahead.

The Camden Charitable Foundation also lost two very important individuals this past year. Linda Perry, our founder and driving force who possessed the courage and love to provide for others, sought to meet those in need over 21 years ago. Fletcher Harris, our esteem and long time leader, our chief Chef for the holiday meals loved doing for others, hands down, with no reservation to make sure no one went hungry or without a need.

In a few months, the holidays of Thanksgiving and Christmas will be here and we must plan accordingly. Here at the Camden Charitable Foundation, this is what we do—to raise awareness for the financial need, engage in funding, and then provide food, clothing and toys for those in need.

You, as a supporter, have been a major asset to this organization for many years and you are truly appreciated in the funding you have donated over the many years. You are our community partners!

We hope you will be able to stand with us again and support us. We are hoping for another prosperous year. And, we have always assisted every applicant for needs. Let's pray we can another year; our 21st year!
